

CHALET *Blanc*

YOUR PRIVATE CHALET & SPA

CERVINIA - ITALY

About us

OUR DREAM BECOMES YOUR DREAM...

Strongly desired by the owners, “Chalet Blanc” is the perfect combination of a luxurious and contemporary mountain home at the foot of mount Cervino and a warm and welcoming place where you can spend your holiday in Cervinia in an exclusive and unique way, with all the comforts and services you need in 870 sq m. space.

You will be wrapped in the warmth of an ecological wooden structure, surrounded by the typical materials of traditional mountain architecture, revisited and adapted to modern times to ensure our guests the maximum well-being. Windows more than 6 meters high in the living area will make you feel absorbed by the incredible panorama of the Alps, which will surround you from all sides. Cuddle up in front of the large fireplace, with the snow falling before your eyes with the background of the Cervino and the ski slopes.... “Chalet Blanc” is waiting for you.

Luxurious and elegant, private and exclusive, innovative but traditional, well refined to the smallest details, it is NOT a hotel, but an unmistakable mountain Chalet, to be enjoyed in total privacy with friends and family. In the heart of Cervinia, 100 meters from the main pedestrian street and the golf course and 150 meters from the ski lifts, our chalet will be your chalet! AND YOURS ONLY!
